

## 2025 ISAAC BRUCE FOUNDATION FLIGHT 300 PROGRAM

**Please note this is NOT a college scholarship program! The Flight 300 Program provides one-way transportation to college for students in need.**

The Isaac Bruce Foundation's Flight 300 Program provides transportation to college bound students in need. When Pro Football Hall of Famer Isaac Bruce graduated high school, he had a scholarship to a junior college in California, but he needed to find a way to get there. He was provided money for a flight and now wants to be able to make that difference for students in need. The Flight 300 Program will cover the cost of one-way airfare for a student with all the pieces in place to attend college but unable to afford to get there. The program can also help with the cost of ground transportation to the airport, cover the cost to check bags, help with the cost of ground transportation from the airport to campus, and provide a gift card for dorm essentials such as bedding and towels.
