

2021 ISAAC BRUCE FOUNDATION FLIGHT 300 PROGRAM

Please note this is NOT a college scholarship program! The Flight 300 Program provides one-way transportation to college for students in need.

Isaac launched the Isaac Bruce Foundation in 2006 which focuses on health, wellness, nutrition, fitness and education. Through his foundation, Isaac reaches out to youth and teaches them at an early age the importance of a healthy lifestyle with an emphasis on education.

The Isaac Bruce Foundation's Flight 300 Program provides transportation to college bound students in need. When Isaac graduated high school, he had a scholarship to a junior college in California, but he needed to find a way to get there. He was provided money for a flight and now wants to be able to make that difference for students in need. The Flight 300 Program will cover the cost of one-way airfare, bus, or other transportation for a student with all the pieces in place to attend college but unable to afford to get there. The program also provides ground transportation to the airport, covers the cost to check bags, and provides ground transportation from the airport to campus. Please note, we do not provide rental cars, gas cards, or expense reimbursements.
